

# Capstone Project: Task 6 Solution

## Schedule a visualization

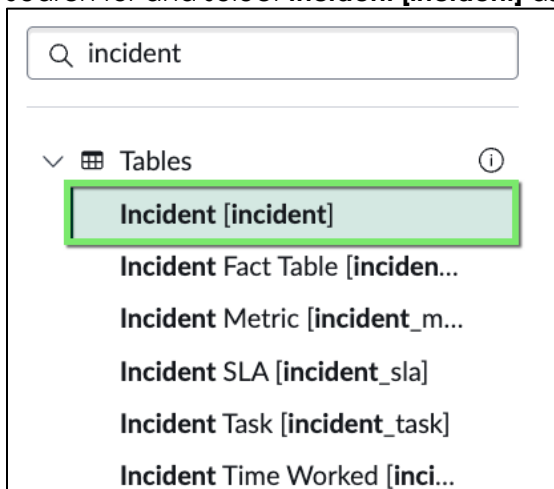

**Instructions:** Work with the Analytics Center to create a visualization which displays the number of incidents that are active and tied to the sFone category. Additionally, group the data by priority.

Schedule the visualization by sharing it with the Strawberry Support group every Monday to coincide with their incident review meeting.

**Note:** Refer to Module 6: Enable Productivity

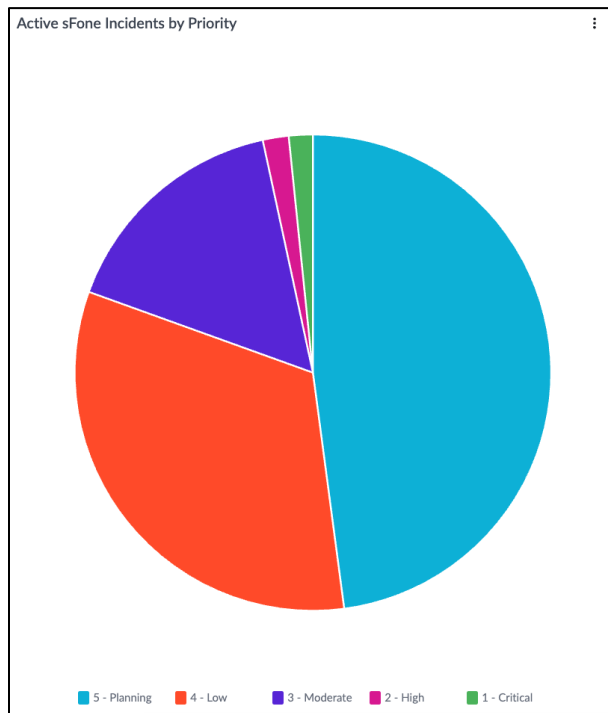

## A. Create a visualization

1. Navigate to **Platform Analytics > Library > Data Visualizations > Create Data visualization**.
2. The Visualization Designer displays.
3. Select **Pie** for the chart type.
4. Add the Chart title AND Name: **Active sFone Incidents by Priority**.
5. Select **+Add data source**.
6. Search for and select **Incident [incident]** as the Table.

7. Select **Add this source**.

8. From the Group by section, apply **Priority**.

9. Select the More actions menu for Data source, to **Edit data source**.
10. **Add and run the custom condition** the condition:
  - **Category | is | sFone.**

Editor

Build a filter by adding conditions that contain a field, operator, and value(s).

Category

is

sFone

or

and

×

+ New condition set

Related List Condition ⓘ

Run

Save as predefined condition

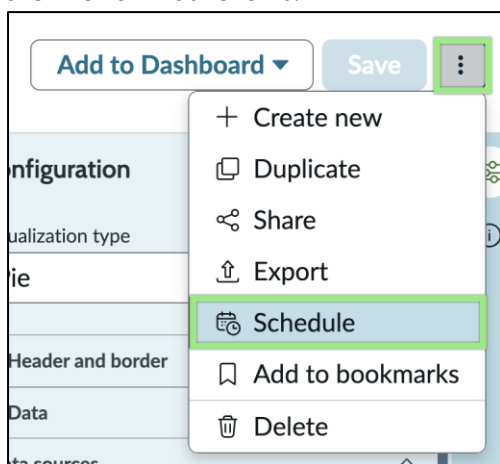

11. Select **Apply**.
12. **Name** the Pie chart.
13. Select **Save**.

## B. Schedule the visualization

Now that the visualization has been created, any new data that is collected in the instance matching the filter requirements will display when the visualization runs. Scheduling the visualization will allow this information to be shared with the appropriate stakeholders.

1. With the Active sFone Incidents by Priority chart open in the Visualization Designer, open the **More actions menu** and select **Schedule**.

2. Populate the form as follows:

- a. Recurrence: **Daily**
- b. Time: **08:30:00**
- c. Recipients: **Strawberry Support**
- d. Subject: **Current sFone Active Incidents Count**
- e. Introductory message:
 

*Please find included the current count of all active sFone incidents grouped by priority. This information will be discussed during the team's incident review meeting today at 9:00.*

3. Select **Save**.

## TASK VERIFICATION

1. Confirm the visualization appears as follows and is scheduled.

Reoccurrence \*  
Daily

Time  
Hours: 08 : Minutes: 30 : Seconds: 00

☐ Omit if no records  
☐ Use conditions
